

GREEN CLIMATE FUND

Project Preparation Facility

Helping countries develop their climate ambitions into GCF funding proposals

Our Role

The **PPF** helps accredited entities in preparing full proposals based on a concept note cleared for project preparation support.

Our Work

The PPF can support **one or more of below activities which contribute directly** to a particular project's development. PPF deliverables must be submitted as part of the funding proposal package.

Pre-feasibility and feasibility studies, as well as project design

Environmental, social and gender studies

Risk assessments

Identification of programme /project-level indicators

Pre-contract services, including the revision of tender documents

Advisory services and or other services to financially structure a proposed activity

Other project preparation activities

Modalities of Support

AEs can choose **one of the two support modalities**, **PPF Funding or PPF Service** that suits their specific preparation needs.

Both modalities require the AE to be responsible for **oversight, quality assurance and funding proposal submission** to GCF.

PPF Funding

PPF Service

Features

Standard PPF Funding allows AEs to receive up to **USD 1.5 million**

whereas **Simplified PPF Funding** supports up to **USD 300,000**

in the form of grants, repayable grants, and equity.

One project development firm, which will **work directly with AEs**, will be selected from a roster of independent project development firms administered by GCF.

Financial support is available up to USD 1.5 million for both PPF Funding and PPF Service.

AEs' Roles & Responsibilities

AEs must **procure** the firms or consultants, **manage** the implementation of activities, and **monitor** and report to the GCF.

AEs are responsible for oversight and quality assurance of requested project preparation activities and deliverables and submitting funding proposals to the GCF.

AEs must **send a confirmation of services letter** to the GCF upon completion of deliverables.

Requirements

For Standard PPF Funding, all sections of the application form must be filled out in detail.

For Simplified PPF Funding, only simplified budget information and implementation arrangements are required to ease access to funding.

Based on AE-provided **Terms of Reference(ToR)**, selected firms which work directly with the AEs will deliver requested activities.

Please note that ToR preparation is also required for the Standard and Simplified PPF fundings as well

Submission

AEs should submit PPF application packages at ppf@gcfund.org The PPF application package should contain following documents:

Concept Note

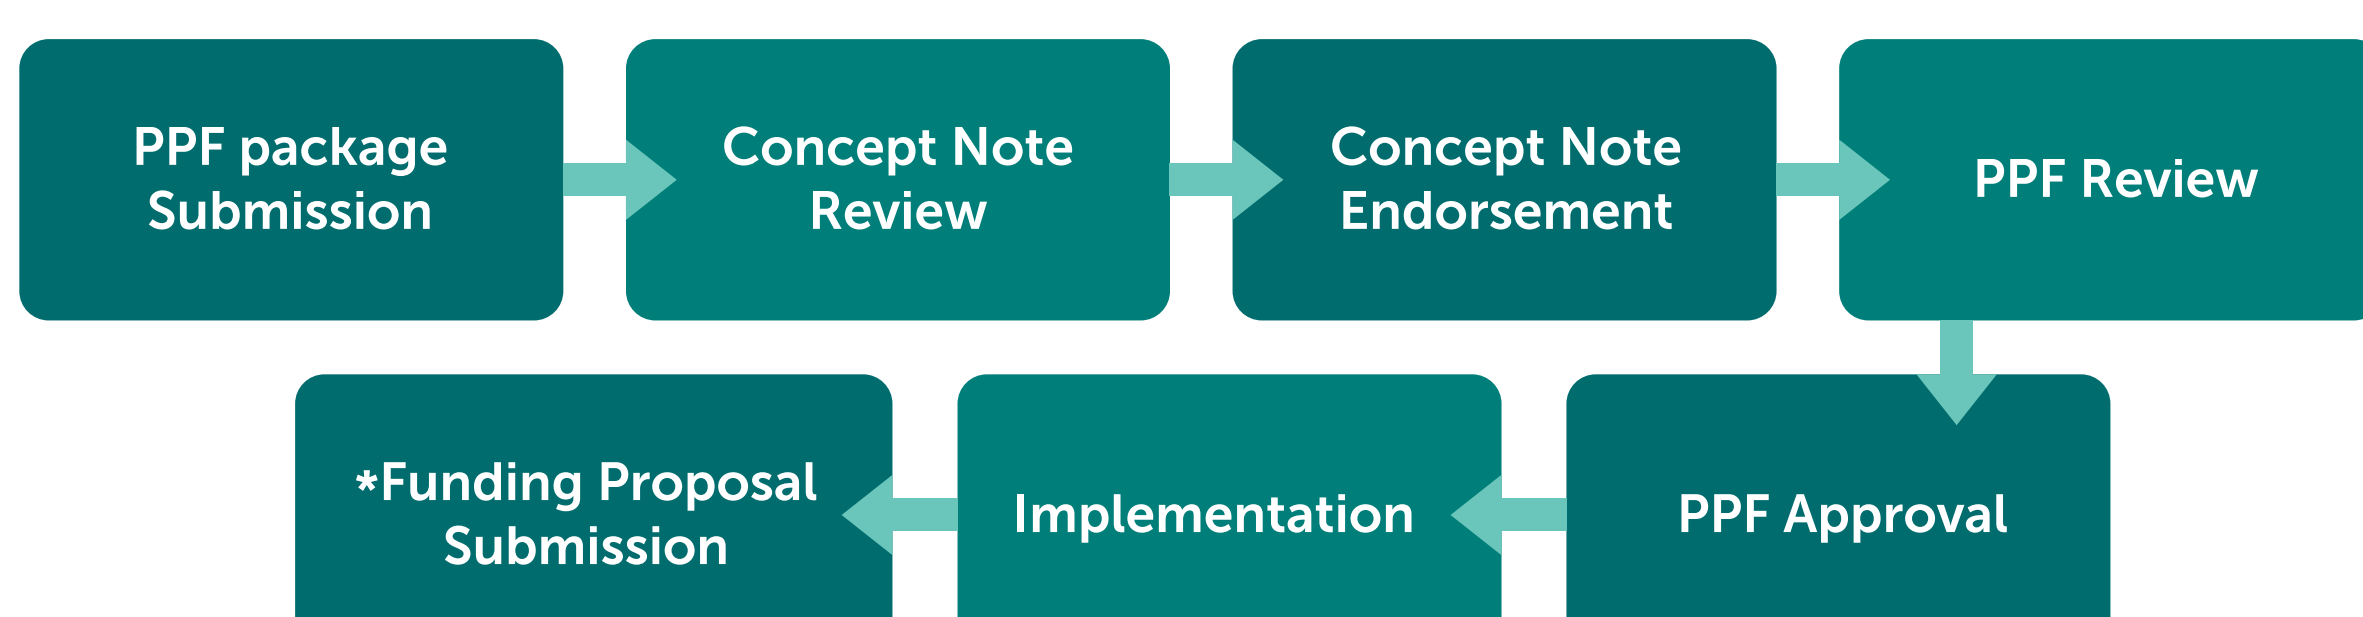

PPF application

PPF No-objection letter

Process Overview

PPF application packages submitted by AEs will go through the following approval process.

*Funding Proposals developed with PPF resources should be submitted to the GCF Board within two years of PPF application approval.

The PPF Guidelines are available on the PPF webpage: <https://www.greenclimate.fund/document/project-preparation-facility-guidelines>
For any inquiries, please contact the PPF team via email: ppf@gcfund.org
